Jewish Hospital, Louisville Kentucky, wins SCAA Golden Cup

For the first time in history, a hospital has been awarded the prestigious SCAA Golden Cup Award. The Trager Pavilion of Jewish Hospital in Louisville, KY has taken this top honor. The Trager Pavilion offers upscale patient suites along with outstanding care. This outstanding care, along with the John Conti® Coffee Co., helped bring the Gold Cup to Louisville.

Jewish Hospital proudly serves, "The Best Coffee In Town®" from John Conti® Coffee Co. This is the 8th Golden Cup awarded to John Conti's prestigious customers, but of course this time it took special meaning. John Conti® Coffee Co. has worked very hard with Jewish Hospital to provide great service and great coffee, and this time it paid off in an award winning way.

Mr. John Conti and Mr. Leo Fante made the formal presentation during an event held in the hospital to Chef Greg Guiot, the resident chef of Jewish Hospital's Trager Pavilion and Mr. Hank Wagner, President of Jewish Hospital Healthcare Services. A large reception followed as everyone celebrated this big honor to both Jewish Hospital for award winning service, and to John Conti® Coffee Co. for continuing to serve, "The Best Coffee In Town®."
